

## Lawrence Transit System

November 1, 2012

The City of Columbus, MS and Lawrence Transit System are looking forward to bringing the buses to Columbus, MS. Transportation is an important part of growth to a City. We are within weeks of the buses arriving and now in the final phase of setting the routes. The City of Columbus and Lawrence Transit System in partnership are bringing the New Public Transportation to our City. In doing so we are asking that the Business Community: Offices, retail, restaurants, and all other businesses within The City of Columbus, and the surrounding areas where the buses will serve help in providing shelters for the bus stops serving your location in the City.

The City of Columbus and our neighbors need your help with the shelters, which is the final phase in placing the routes prior to the buses arriving. Your business name will be placed on the shelter that your business sponsors / donates.

Your neighbors will be grateful to you for stepping up and helping those disabled, underprivileged, and those just wanting to ride the bus to stay out of the elements of the weather while waiting for the bus. Your donation, expense of the shelter, is tax deductible and a gift of love to your community.

Your donations are being accepted through the website ([www.lawrencetransitsystem.org](http://www.lawrencetransitsystem.org)) under the Columbus MS page, using the "Shelters in Columbus" button in the middle of the page.

Thank you in advance for your support and showing involvement in getting a transit system going in your community.
