Welcome to MISSISSIPPI

THE MAGNOLIA STATE celebrated its bicentennial six years ago after it became the 20th state to join the union in 1817.

Mississippi, originally a territory occupied by the Chickasaw, Choctaw and Natchez Native American tribes, has since served as a stage for Civil War battles and civil rights conflicts. The state claims a rich artistic history as the birthplace of the Delta Blues and award-winning actors, writers, and musicians.

Explore the Mississippi Blues Trail, stretching from the northeast Mississippi Delta to the Gulf Coast, which celebrates Mississippi natives such as B.B. King, Muddy Waters, and Elvis Presley. Visit the birthplace of playwright Tennessee Williams in Columbus, the Oxford home of author William Faulkner or the colorfully decorated workshop of painter Walter Anderson in Ocean Springs.

While Mississippi celebrates its history, it also looks toward the future. Legislation in 2020 paved the way for a new flag design to replace the old state flag, which contained the Confederate battle emblem. Voters overwhelmingly approved the new design – which contains a Magnolia and the words “In God We Trust” – in a statewide election.

Legislators in 2021 legalized cannabis use for medical reasons. The state allows residents to use medical cannabis to help combat the symptoms of certain disorders like cancer, Parkinson’s disease, Huntington’s disease, muscular dystrophy, glaucoma and other diseases or conditions with a doctor-issued prescription.

A court case that originated in Mississippi served as the premise for the U.S. Supreme Court ruling in June 2022 that turned abortion laws back to individual states, essentially overturning the 1973 *Roe v. Wade* ruling that had granted women the federal right to have an abortion. After the Gestational Age Act passed the state legislature in 2018 and outlawed abortion after 15 weeks, except in the case of a medical emergency or severe fetal abnormality, the Jackson Women’s Health Organization sued Dr. Thomas Dobbs, then the state health officer, and the case (*Dobbs v. Jackson Women’s Health Organization*) went before the U.S. Supreme Court in December 2021. The June decision triggered a 2007 state law that banned abortion except in cases of rape or to save the life of the mother.

GENERAL INFORMATION

Anti-litter laws

Dumping trash or litter on the highways or right-of-ways is a misdemeanor offense subject to a fine.

Mississippi seat belt law

As of July 1, 2017, all car front and rear-seat passengers will be required to wear a seat belt. Violation of the safety law is a misdemeanor offense punishable by a \$25 fine.

Boat registration

Boats must be registered with the Mississippi Department of Wildlife, Fisheries and Parks office in Jackson. Forms may be obtained at any county tax collector's office, at most sporting goods stores, from MDWFP's Jackson office or from the department's website at www.mdwfp.com/license/boating. Trailer tags can be purchased at the county tax collector's office at the courthouse.

Car tags

Automobile license plates must be purchased at the county tax collector's office within seven days of vehicle purchase and must be renewed annually. At the time the license plate is purchased at the courthouse, a registration fee and state, county and city taxes for the automobile must be paid to the county tax collector.

A person moving to Mississippi from another state must register his or her vehicle in Mississippi within 30 days of declaring residency. If a vehicle owner fails to register within 30 days, he or she will be charged a standard late fee and may be subject to fines if found in violation of the law. For information, contact your county courthouse.

Driver's licenses

Qualified drivers may obtain a Mississippi driver's license for a four-year or eight-year period by visiting

their local DMV, presenting at least two forms of identification, paying the appropriate fee and passing the written and driving skills tests, if applicable. New Mississippi residents who present valid out-of-state licenses may have the written or driving skills tests waived.

Applicants for a driver's license must be at least 16 years of age. 16-year-old applicants must have six months' experience under an intermediate license; this requirement does not apply to new residents who have held driver's licenses in another state for at least six months.

Mississippi residents of at least 15 years of age may apply for a temporary learner's permit. A learner's permit allows the driver to operate a vehicle with the supervision of a licensed driver 21 years or older. An intermediate license may be issued to those who have held a learner's permit for at least 12 months without any traffic violations. If an in-

intermediate license is granted, the driver is only allowed to operate a vehicle unsupervised between 6 a.m. and 10 p.m. any day of the week. Applicants less than 18 years of age must show proof of enrollment in school.

Mississippi DMV is no longer administering road tests due to CDC guidelines.

For more information about driving laws, license fees and DMV locations visit www.dps.state.ms.us/driver-services/.

Hunting and fishing licenses

Resident hunting and fishing licenses may be purchased from most local sporting goods dealers and bait shops, as well as online at www.mdwfp.com. Standard licenses are valid for one year. Persons exempt from purchasing licenses are residents under age 16 or older than age 65. All others, including military personnel, must purchase a license before hunting or fishing. All license types and prices may be found on the Mississippi Wildlife, Fisheries, and Parks website under the “purchase license and permits” tab. License fees are in addition to agent and processing fees.

Marriage licenses

Marriage licenses are issued by a county’s circuit clerk, and both parties must appear before the circuit clerk to finalize the marriage application. Mississippi welcomes same-sex marriages. Males at least 17 years old and females at least 15 years old are capable of applying for marriage, but applicants under 21 must provide proof of consent from a parent or legal guardian. Marriage applications must include the names, ages and addresses of both parties. The cost of a marriage license and necessary certificates is \$37. For more information, including whether your county accepts card payments, call your local circuit clerk’s office.

Motor Vehicle Financial Responsibility Law

Mississippi law requires all drivers to have proof of insurance inside their vehicles at all times. Anyone operating a vehicle without proof of insurance will be subject to an initial penalty of a

\$500 fine and temporary suspension of his or her license.

Every vehicle accident in which a person is killed or injured or in which property damage is in excess of \$250 must be reported to the Mississippi Department of Public Safety within 10 days. Failure to file a report is a misdemeanor offense subject to suspension of a driver’s license.

Better Business Bureau

The Better Business Bureau is in place to protect against irresponsible business and scams of all types. It also lends a helping hand to those reputable businesses in need.

BBB implemented a program in January 1987 called “Customer Care,” which allows businesses to advertise they are members of the bureau. Under the program, members are allowed to use an arbitration logo in newspapers, periodicals, direct mail, flyers, handouts, billboards, posters, radio/TV, letterheads, business cards and invoices. The logo cannot be used in yellow page ads in telephone books, annual directories and handbooks/manuals.

For more information about the Better Business Bureau in Mississippi and its services, call (601) 398-1700.

Mississippi Voter ID law

All Mississippians voting in person at the polls or by absentee ballot in the circuit clerk’s office are required to present a photo ID before casting a ballot. Acceptable photo IDs include a driver’s license, state issued photo ID card, U.S. passport, any other photo ID issued by any branch, department, agency or entity of the United States government or any State government, firearms license, student photo ID issued by an accredited Mississippi university, college or community/junior college, U.S. military ID or a Mississippi voter identification card. For more information about voter IDs or how to register to vote visit msvoterid.ms.gov. Eligible voters casting an absentee ballot by mail do not have to show a photo ID.

Welcome to

COLUMBUS

The area known as **LOWNDES COUNTY**, named after U.S. congressman William Jones Lowndes, began developing well before Columbus was chartered in 1821.

Lowndes County is home to the former railroad towns of Artesia, Mayhew and Crawford and towns on the east side of the county, including Caledonia and Steens.

In recent years, Lowndes County has seen major industrial development under the Columbus-Lowndes Chamber of Commerce and the Golden Triangle Development LINK, both headquartered in Columbus. The Chamber has worked to bring businesses to highways 45 and 182, while the LINK has developed industrial sites near the Golden Triangle Regional Airport. The LINK, which has brought major plants such as PACCAR, Airbus and Steel Dynamics to the region, has seen national media attention and was featured in 2016 on CBS' "60 Minutes" in an episode exploring the manufacturing successes of the area.

In 2022 the LINK landed a \$2.5 billion project that would add a low-carbon flat-rolled aluminum mill near the Steel Dynamics site, and a biocarbon facility on Artesia Road near the International Paper pulp mill. Expected to create over 700 jobs, it is the largest economic development project in the state's history.

Writers from The Atlantic, James and Deb Fallows, wrote about the optimism local officials and industry leaders maintain in their 2018 book "Our Towns," which explores small-town cultural scenes across the United States. HBO featured the area in a film documentary in 2021 based on the Fallows' book.

COLUMBUS serves as the seat of Lowndes County. Despite changes over nearly two centuries, residents of the "Friendly City" retain the hospitality for which they are justly known, welcoming the new, while preserving and paying homage to a storied past.

European explorer Hernando de Soto first entered Mississippi when he crossed the Tombigbee River near Lowndes County in 1540. The first actual trading post along this area of the Tombigbee was established not far from Columbus in 1790. Columbus thusly earned the moniker, "Possum Town" — not due to an abundance of possums, but because to the area's Native Americans, the proprietor of the trading post resembled a possum.

In 1820, Gen. Andrew Jackson brought his Military Road through the area on the way to New Orleans. The first steamboat to navigate the river docked here in 1821, the same year that Columbus was incorporated.

Mississippi's first public school, Franklin Academy, was founded in 1821 in Columbus. Franklin Academy still operates as an elementary school for kindergarten through fifth grade on the original site.

The nation's first "Decoration Day," or Memorial Day, was observed in 1866 when a group of Columbus women decorated the graves of both the Confederate and Union soldiers at Friendship Cemetery. The women's actions inspired national news recognition and the poem, "The Blue and the Gray."

America's first state-supported college for women was founded in Columbus in 1884. Mississippi University for Women today continues its tradition of quality education for men and women. Many Columbus residents take pride in MUW as well as the Columbus Air Force Base, an Air Force pilot training facility in operation since World War II. The influx of military personnel has brought innovative ideas to the community and many military retirees have chosen this area as their permanent home.

Columbus is also proud of its historic Main Street district. The National Trust for Historic Preservation named Main Street Columbus a winner of the 2010 Great American Main Street Awards, one of four winners nationally.

YARD OF THE MONTH. EVERY MONTH.

“We went from surgery to cartwheels in about four weeks.”

Margaret Cook

When Margaret Cook’s daughter, Bailey, broke her arm on the playground, they went straight to someone they knew they could trust: Dr. Jordan Ferguson at OCH Sports Medicine and Orthopedic Center. After examining Bailey, they scheduled surgery at OCH.

“They were so calming, they made us both feel confident and at ease,” Margaret said. “It was wonderful.”

Both mom and daughter consider the surgery a resounding success. “She’s completely back to normal,” Margaret explained. “We are so fortunate that we have this right here in Starkville.”

Welcome to STARKVILLE

The area of Mississippi, now known as **OKTIBBEHA COUNTY**, was originally part of land belonging to the Choctaw Indians. It takes its name from a creek in the northern part of the county, which formed a portion of the boundary between the Choctaw and Chickasaw nations.

Oktibbeha, in the Choctaw language, means “icy water.” It is estimated that in the early 1800s, there were between 1,000 and 1,500 Choctaws living within the county’s present-day boundaries. In 1830, after local Native Americans surrendered their land to white settlers through the Treaty of Dancing Rabbit Creek, the area’s population grew. Newcomers were attracted to what is now Starkville by two large springs and the favorable lay of the land. Oktibbeha County was formally organized Dec. 23, 1833.

The seat of Oktibbeha County is **STARKVILLE**, the Golden Triangle’s college town. Starkville was originally named Boardtown for the city’s sawmill operations. Officially incorporated in 1837, the town was renamed to honor American Revolution general John Stark. Starkville is home to Mississippi State University, founded in 1878 as the Agricultural and Mechanical College of the State of Mississippi. Mississippi State now boasts an undergraduate enrollment of over 20,000 students — who, from August through May, nearly double the town population of just 25,000.

In 1875, a fire swept through downtown Starkville and destroyed 52 buildings. However, determined people in the community rebuilt the area, placing the stores further apart than before and widening Main Street by 20 feet, resulting in the present width.

One of the area’s strongest promoters was Col. W.B. Montgomery. Not only did he revolutionize the agricultural base of the area from cotton to

dairy farming, he was also instrumental in securing Starkville as the location for what is now Mississippi State in 1878. While MSU developed into a backbone of the local economy, businesses in the area are also suppliers of wood products, clothing, electronics and industrial cable. The city’s identity is now linked to the university, as many popular local businesses and events take their names from the university’s mascot, the bulldog.

Part of the rapidly growing Golden Triangle area, Starkville and Oktibbeha County have enjoyed impressive growth in the past two decades. Much of that growth has been rooted in technology thanks to an increased research emphasis at MSU. Industry has continued to blossom in the Golden Triangle under the Golden Triangle Development LINK, a main promoter of regional industry. In April 2022, the City of Starkville annexed a portion of Oktibbeha County, growing by 2.3 square miles and approximately 1,600 residents.

Starkville’s Main Street is one of the most recognizable areas in town. In 2023, the Starkville Main Street Association won the Main Street Circle of Excellence award from the Mississippi Main Street Association. Also in 2023, the city started a downtown water and sewer system upgrade project on Main Street, which is intended to lay the groundwork for a complete Main Street redesign project in the future.

Since August of 2020, construction has been ongoing for Cornerstone Park, a \$20-million-plus baseball complex containing three “quads” of 12 baseball fields. The Starkville Parks and Recreation Department hosted a soft-opening for the complex in May of 2023. Though the park is still closed to the public except for tournaments, an official grand opening is slated for late summer.

Welcome to West Point

CLAY COUNTY was organized May 12, 1871. The county was created from parts of Chickasaw, Lowndes, Monroe as well as Oktibbeha counties and originally named Colfax County after Schuyler Colfax, Vice-President under Ulysses S. Grant. In 1876, the Mississippi legislature changed the name to Clay County to honor American statesman Henry Clay, secretary of state under John Quincy Adams.

WEST POINT holds the Clay County seat, though several smaller communities are present — including Cedar Bluff, Pheba, Montpelier, Abbott, Griffith and Siloam. The Tombigbee River borders Clay County to the east and nearby railways and major highways offer extensive transportation for budding industry. As the northern-most of three towns constituting the Golden Triangle and just 50 miles south of Tupelo, Clay County residents enjoy easy access to nearby universities, airports, industries and leisure and recreational activities.

Located eight miles north of Highway 82 on Highway 45 Alternate, West Point is a small town with budding Southern charm.

As the birthplace of renowned Blues musician Howlin' Wolf — an inductee into both the Blues Foundation's Hall of Fame and the Rock and Roll Hall of Fame — West Point holds a rich and lively cultural scene. Boasting murals throughout the town to its annual Prairie Arts Festival, it's a certified Main Street Community and was one of the first members of the Mississippi Main Street Association.

Like nearby Columbus, West Point lays claim

to having Spanish explorer Hernando de Soto come close to what is now the modern-day city during an expedition in 1541. De Soto brought new breeds of horses and hogs with him and in doing so helped establish what would become a major part of the local economy — swine farming.

Officially incorporated in 1858, West Point boasts a unique and elegant example of antebellum architecture — Waverly Mansion. The octagonal mansion, built by Col. George Hampton Young, is a registered historic landmark and was previously open for tours. It has been sold and is undergoing extensive renovations.

The city's defining moment came in 1909 when J.C. Bryan Sr. began selling pork products out of a West Point storefront. Although the Bryans sold the business to Sara Lee Food and Beverage Corp. in 1968, Bryan brand foods were produced in West Point until March 2007 when Sara Lee shut the plant down and laid off more than 1,200 employees.

Under the direction of the Golden Triangle Development LINK, West Point and Clay County have witnessed the expansion of a number of local manufacturing businesses, including Navistar, Plum Creek Environmental, Ellis Steel and Royal Trucking.

It is also home to Yokohama Tire and Peco Foods plants. It is also home to Mossy Oak, a camouflage and outdoor lifestyle company. Origis Energy plans to bring a 200-megawatt solar farm to Clay County that is currently under construction.

Welcome to MACON

NOXUBEE COUNTY was one of 26 counties in Mississippi resulting from Indian cession east of the Mississippi River. On Sept. 27, 1830, the United States entered into a treaty, known as the Dancing Rabbit Creek Treaty, with the Choctaw Indians. The tribe signed the treaty on what is now Noxubee County land. The treaty, through which Choctaws surrendered land to white settlers, was the first removal treaty filed under the Indian Removal Act of 1830. In December 1833, the State Legislature authorized Noxubee as a county.

Today, Noxubee County's three largest communities – Macon, Brooksville and Shuqualak – sit along U.S. Highway 45, which runs north and south through the county.

In the largely rural area, **MACON** serves as the county seat and the center of community life. Macon was founded on Feb. 9, 1833 as “Taladega.” The town’s name was changed to Macon – for Nathaniel Macon, a North Carolina congressman and U.S. speaker of the house – on Aug. 10, 1835.

The Andrew Jackson Military Road crossed the Noxubee River, which runs near the present town, just west of Macon.

Much of life in Macon revolves around the land, from cattle grazing to catfish farming.

The Mennonite congregations spread across Noxubee represent a substantial part of its population and economy. Though they interact freely with the community, Mennonites maintain a separate and distinct culture. Social life revolves around church; children attend church-run schools.

Mennonite farmers tend large tracts of cotton, corn and soybeans. Catfish farming is another agricultural mainstay.

A new lumber mill, owned by North Carolina-based Huber Engineered Woods, will be constructed on 551 acres north of Shuqualak. The \$418 million project will create 158 jobs and is expected to be up and running by early 2026.
