ESSELE CENTER FOR PERCEPTUAL DEVELOPMENT

What is ABA?

Applied behavior analysis (ABA) is a flexible treatment that involves many techniques that have been demonstrated to work in helping meet the needs of each unique individual. It is commonly used to treat Autism among other developmental disorders.

ABA increases functional/appropriate behaviors and decreases behaviors that are harmful or not meaningful/functional.

ABA Services Include (but not limited to)

- Center Based Therapy
- Parent Training
- In School Therapy
