Dr. Donna Boone,

I am an MSMS Class of '98 graduate. I don't envy you and others involved in the decision of what to do about MSMS. Based on the school and its graduates' accolades, there shouldn't be any debate over the necessity of such an institution, particularly in Mississippi. The need for upgraded or new facilities to continue the school is at hand and I appreciate your solicitation for and consideration of the proposals from MUW and MSU. A recent article in the Columbus Dispatch poked at the proposed plan for MSMS to be in Starkville. The article made quite a bit of accusation but offered very little substance as to why renovated facilities at MUW would be better for the future of MSMS, its students and the State of Mississippi. I support the plan to have MSMS move to Starkville; a community better positioned to preserve its future and its student body, and partnered with an institution that is constantly growing, renewing and expanding programs and educational opportunities.

Thanks,

Jake Ramsey
